About Wednesday (the 14th) we will secure a car-load of strictly fancy

HIGH PATENT FLOUR,

A brand well known in the city, having been sold in competition with such justly celebrated brands as White Loaf, Topeka Patent, etc. We will sell out this one car at 75c per 50-lb. sack. We probably will not be able to buy any more at this figure, and that all our customers may have an opportunity to buy of it we will sell only in small quantities.

We have made arrangements with one of the largest tea planters of Ceylon, by which a great display of Ceylon teas will be made at each of our stores—in the near future—by natives of that country. We will have more to say about this later on.

WILL RESUME FIGHTING.
Operations to be begun against Insurgents at Rio de Janeiro.

RIO DE JANEIRO, March 12.—Representatives of the foreign powers were officially notified yesterday that operations against the insurgents in the bay of Rio de Janeiro would be resumed after the expiration of forty-eight hours.

As already cabled to the Associated Press, the government fleet is off the entrance of Rio de Janeiro bay; a portion of the fleet consisting of the Netheroy, Destroyer and Aurora having taken up a position in a bay at the entrance between Fort St. John and the Sugar Loaf fort, preparations, it is believed to bombard Fort Villegaignon.

The remainder of the government fleet consisting of the American Paraguay and the torpedo boats purchased in Germany, are further outside the entrance of the harbor.

Martin Burke was one of the men sentenced to Joliet for life for complicity in causing the death of Dr. P. H. Conkin, and who died after his incarceration.

At the time Dan Coughlin was granted a new trial the sexton was similarly surprised by finding upon Burke's grave four bunches of roses loosely bound with green ribbon. Where the flowers came from and who placed them where found are mysteries.

The word "Vindicated" surrounded by violets and lilies.

CHICAGO, March 12.—When the sexton at Mt. Olive cemetery made his rounds Sunday he was attracted to the grave of Martin Burke by an unusual display of flowers, and upon investigation found upon the mound the word "Vindicated," done in immortelles, surrounded by a border of violets and lilies.
